SUBJECT: GTU-NRDC-IFC in association with SSIP organises series of Patent Projects Screening during Dec 2018

To inculcate culture of innovation amongst the students, researchers, faculty member or start-ups (who are students or passed out in last five academic years) and to provide a conducive environment for optimum harnessing of their creative pursuit, The Education Department, Government of Gujarat has issued Student Start-up and Innovation Policy (SSIP) 2017-2021, vide G.R. No. PRC/2016/IPIES/DS/S/710197, dated: 11/01/2017. The Government has decided **to facilitate and pre-incubate innovative ideas to go through a stage of proof of concept, prototype, product, testing & trial, redesign and development of utility, protecting innovation by patents, the student start up to help in building innovation.** The State Government therefore, aims to support innovation, start up, incubator, and others directly and/or through academic & education institutions and universities in the above policy with an objective of harnessing creative potential of young students across universities and educational institutions.

GTU IPR Cell conducts Workshop & screening in every month at each zone. This session on Basics of IPR was designed to enlighten the participants about the basics of Intellectual Property Rights, its effect on the project to product process and patent basics. Learned about various types of cases where IPR affects the entire cycle of the product marketing and patent filing. Have insights on the Global and National Start-up Ecosystem and patent filing mechanism. GTU IPR cell inviting Jury panel from the different domain & colleges/industries to screen the projects.

GTU-NRDC-IFC in association with SSIP organises series of Patent Projects Screening during Dec 2018. To the novel and innovative projects GTU will provide a financial grant of Rs 25,000/- for patent filing under the provisions of SSIP Scheme.
